Mission

Our mission is to provide high-quality, non-emergency health care to the residents of Western Tidewater who cannot otherwise afford it.

Vision

Our vision is a healthy community where all people will be inspired and enabled to make healthy lifestyle choices, to use preventive health care, and to access resources to live in a safe and wholesome environment.

Values

Our core values are excellence, unity of purpose, respect, diversity, integrity, and stewardship of all resources.

WHAT IS A HEALTH HOME?

Top: Miriam A. Beiler,
Executive Director
Bottom: Stephanie G.
Broadwater, Chair,
Board of Directors

At Western Tidewater Free Clinic (WTFC), we believe it is the place where a person can receive life-saving services for their overall well-being in a warm, caring, and respectful environment. This belief underlies the mission of WTFC - to provide high-quality health care for those who cannot otherwise afford it.

How do we provide a health home at WTFC? We do it through our deep commitment to offer our patients *comprehensive, coordinated, and compassionate* care.

Comprehensive – Thanks to community partnership support, WTFC patients receive medical care, dental care, medications, mental health care, women's health care, resource referrals, diagnostic services, treatments, and surgeries. This access to comprehensive care has resulted in healthier patients. For example, in 2014, 460 mammograms were administered to WTFC patients by our diagnostic partners, resulting in six cancer or pre-cancerous detections, ultimately leading to immediate treatment options for these women. Early detection is crucial for survivorship and quality of life. In addition, over half of our patients had improved blood sugar, blood pressure, and Body Mass Index measurements last year.

Coordinated – We work closely with our community-based healthcare professionals to provide outstanding, integrated, and unduplicated care for those we serve. This commitment to excellence has resulted in our Electronic Medical Record implementation, which will be up and running late July, 2015. We are extremely pleased to introduce this improvement for coordinated patient care with other medical providers.

Compassionate – WTFC was founded by volunteers with the philosophy of neighbors helping neighbors. The dedication of our staff and 200+ volunteers is the driving force that helps us to provide compassionate health care to our patients. Since we opened the doors of this health home, our volunteers have donated over 90,000 hours of their time, for a value of over \$3 million, to improve the health and lives of our patients. Last year, the work of these volunteers equaled that of almost 7 full-time employees.

We are grateful for the support of the community at-large so we can continue to be a health home to those who need us. With your support, we remain dedicated to our vision of a healthy community where all people will be enabled to live in a safe and wholesome environment. Each of you is critical to this care – thanks to you, we welcome our patients home every day.

Warmly,

Miriam A. Beiler, Executive Director

Stephie G. Broadwater, Chair, Board of Directors

OPPORTUNITIES TO GET INVOLVED

Gifts In-Kind

WTFC accepts gifts in-kind such as office and kitchen supplies, unopened and unexpired medications, and meals for our volunteers. Questions about in-kind donations? Contact Kim Abernethy at kabernethy@wtfreeclinic.org or 757-923-1060, ext. 7002.

HOME IS

where you feel at home and are treated well...

~ Dalai Lama

WTFC became Janice's health home in 2014, providing her with multiple services she desperately needed: medical and dental care, women's health specialty services, and life-saving medications.

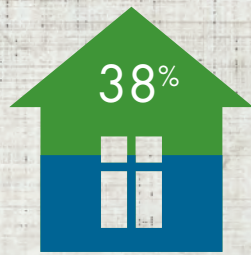

As a former patient, current volunteer and now a major donor, Carla is truly part of the WTFC family. She says, *"The Clinic was a godsend for me. My life will never be the same."*

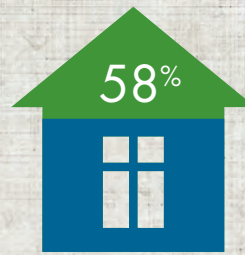

WTFC could not exist without volunteers. Joe and Nancy Verdirame have been medical volunteers at the Clinic since the doors opened. Dr. Verdirame has also been critical to the Clinic's leadership, serving as a board member and Clinical Services Chair.
